SIGN UP FOR DOTERRA MEMBERSHIP FOR THE JOURNEY OF A LIFETIME

BY STEVEN JACKSON

The doTERRA enrollment process is fairly simply, the biggest issue for most people making this journey is making that final step into the world of essential oils and running a business from home

My name is Steven Jackson and with my wife Anja we have enjoyed the benefits that came with joining dōTERRA. For some years we have taking full advantage of everything it had to offer.

Such as:

- The wholesale price of the products (-25%)
- The loyalty reward scheme
- The money and lifestyle that comes when we sign up as a wellness advocate

However, even though we had both worked in the home based industry for some years we still had our doubts. This means it is completely normal for someone to be skeptical about a new venture, so consider carefully the pros and cons before jumping in feet first.

We pondered over dōTERRA for a while and came to the decision that it was an honest reliable company with great high quality products. There is no doubt that my wife had an interest in the oils they offered and I could see the business aspect, so together we were and still are a powerful team.

DōTERRA INTRODUCTION

The main goal of this page is to offer as much information as possible about dōTERRA, their products and their business opportunity. From my experience the people wanting to join this company want to know the full cost before committing themselves and rightly so.

Many ask me:

- What is the best starter kit to fit their budgets?
- Should I buy a large enrollment kit or a small one?
- What is the best enrollment policy?
- Should I become a wellness advocate or Wholesale customer?

This is why we have a open door policy, so anyone can call us and ask the questions I have not shared on this page.

[WhatsApp](#)

How much does it cost to sign up for dōTERRA?

Firstly, I would like to mention that dōTERRA is a global company, so you can purchase the oils or run your business from anywhere. However, when I say anywhere, I mean anywhere with a internet connection. This means that the enrollment prices changes depending where you reside.

The global price list is for the five main areas that are currently open can be found below. (The prices do not include post and packaging or local taxes) However, if you purchase a starter kit such as the Simple Solutions starter Kit, the enrollment fee is waived. It sounds like a big commitment, if you purchase a product enrollment kit, however you will get some massive savings off of the individual product price which is even more savings for you.

Global price list for a starter kit:

- United States: 35\$
- United Kingdom: £20
- Europe: 20€
- Canada: 42\$
- Australia: 50\$

What does the member get with the basic enrollment?

- 25% off retail prices
- Option to receive 10–30% of orders back in points redeemable for free products as apart of the loyalty reward points scheme
- If you place a monthly order over 125 PV you will receive the free product of the month
- As a wellness advocate you receive a personal website that can be used if you would like to share essential oils with others
- The wellness advocate also can earn bonuses and compensation and create their own income and build a business
- Finally, the members receive a free cloud based back office and there is no monthly fee

WHAT IS THE BEST DOTERRA STARTER KIT FOR SOMEONE NEW TO THIS COMPANY?

This is a good question, but the best way to look at it is, what are your motivations to sign up with us?

1. Do you simply want to purchase the products at wholesale and use them for personal use?
2. Do you want to become a part-time rep and maybe sell the oils with family and friends?
3. Do you want to run a full time business with plans to make a full-time income?

Once you have decided what your goal is then it is far easier to see how much commitment and money you want to invest. In addition, we all need to consider what type of budget we are willing to spend. So, a rough estimate would be (your intent from the list above plus your budget equals the enrollment kit you want to buy)

If you click on the source link at the bottom of this guide and add your name and email address on the form you can download a full overview of some of the kits available and the prices such as budget package starter kits, mid range package starter kits and business building package starter kits.

LOYALTY REWARDS FAST TRACK

Benefits of purchasing one of the doTERRA starter kit as a Loyalty Rewards Fast Track Customer

What is Loyalty Rewards Fast Track?

There seems to be a lot of mystery behind the Loyalty Rewards Fast Track, but really it is quite simply. For example, you join as a wellness advocate and decide to purchase the Natural Solutions enrollment Kit and then make a 100 pv order the next month you will receive 100 LRP points and start their LRP point accrual at 15%. The bigger the kit you purchase on the Loyalty Rewards Fast Track the larger amount of LRP points you receive and higher the LRP point accrual percentage.

So, why is this important?

Firstly, the LRP points are depending on where you are living in the world. nevertheless, they are worth a lot of money towards products. The LRP point accrual percentage level also means that you are getting more free products every time you make an order.

Note: Points will be redeemable 60 days following enrollment. If the LRP is cancelled before 60 days, the new wellness advocate will not receive points awarded.

Only first-time Wellness Advocates who purchase these specific enrollment kits qualify for the Loyalty Rewards Fast Track Program. Loyalty Rewards Fast Track enrollment orders are not LRP orders and will not count towards Power of 3 bonuses or other LRP benefits.

What are the doTERRA enrollment options?

The enrollment options that are available to new members are either Wellness advocate, which is for the individuals interested in pursuing a full or part time business. The second option is a Wholesale Customer which is for people interested in simply receiving their products at the wholesale price.

- Wellness Advocate
- Wholesale Customer

For more details about the enrollment options, click on the source link at the bottom of this guide

FAQ

WE CLIMB THE HEIGHTS OF THIS EPIC MOUNTAIN, AND GAINED A DEEPER SENSE OF LIFE ON EARTH

What is dōTERRA?

dōTERRA is a therapeutic-grade essential oils and related products company that give individuals like yourself the opportunity to run their own business from home or online and buy essential oils at wholesale.

When I sign up, what do I put in the Enroller ID and Sponsor ID section in the enrollment form?

The enroller ID and Sponsor ID is: 930175

How much does training cost?

Generally, after the enrollment the training is free, however there is boot-camps and additional education available at a cost, however in my opinion the support from your enroller and the online training platform is highly professional enough for most new wellness advocates. In addition, my team receives regular training newsletter offering product advice and business training.

Once I sign up how long does it take to earn money?

This is a tough question to answer because it is different for everyone. Some people go up the ranking and make money very quickly and others are a bit slower. It really depends on how much time you spend growing your business each day and how much you want to be successful.

I tell my team that even though the enrollment fee is small they should imagine that they have invested a large amount of money. Then think how hard they would work to build their business. Remember the small investment doesn't make it less than a business.

How much money can I earn?

This is the cool part – there's no limit! There are billions of dollars being spent online everyday. All you need to do is find a small slice of the pie and you can be making really good money.

Some people have businesses that earn a modest \$30,000-\$80,000 per year. Others grow to six figures and beyond.

WHO SHOULD YOU SIGN UP WITH?

Is a friend the right person to sign up with?

Finally, regardless if you decide to become a wellness advocate or a wholesale customer, you still need to join someone who is going to help and support you. Who you join is a very different story. The reality come down to the same question, what are your motivates. You could join a friend, but be warned from the start that when you sign up with a friend your relationship with them is going to change. The expression goes, "never run a business with a friend" and it is so true, the passed has shown me that telling a friend that they are not pulling their weight never goes down well.

So, who is the right person to sign up with?

- It is someone who will tell you the truth when needed
- It is someone who has the knowledge to share
- It is someone willing to help you become a winner

Conclusion

If you have any questions about how to sign up for doTERRA click on the source link below and add your name and email address on the form and receive a FREE product guide, price list and enrollment kit overview asap....
